Lyrics

Short steps, deep breath
Everything is alright
Chin up, I can't
Step into the spotlight
She said, "I'm sad, "
Somehow without any words
I just stood there
Searching for an answer

When this world is no more
The moon is all we'll see
I'll ask you to fly away with me
Until the stars all fall down
They empty from the sky
But I don't mind
If you're with me, then everything's alright

Why do my words
Always lose their meaning?
What I feel, what I say
There's such a rift between them
He said, "I can't
Really seem to read you."
I just stood there
Never know what I should do

When this world is no more
The moon is all we'll see
I'll ask you to fly away with me
Until the stars all fall down
They empty from the sky
But I don't mind
If you're with me, then everything's alright

If you're with me, then everything's alright
